### SATELLITE RECEIVER

To receive the satellite feed, your facility will need an MPEG-4 satellite receiver. Sencore is a provider.

Sencore  
3200 W. Sencore Drive  
Sioux Falls, SD 57107  
Phone (605) 978-4600

### FOR LOCAL UNDERWRITING

FOR PROTRACK USERS Complete FNX logs are available one-week in advance. You may insert your local underwriting spot anywhere during a break that does not have REQ next to it.

AUTOMATION WITH SUB AUDIO TONES Each break will have a :30 space that is triggered by a :02 sub audio tone. This allows space for your local underwriter.
